

PRO TORSION AWARDED "START-UP COMPANY OF THE YEAR"

Saint-Jacques, December 17, 2009 - Pro Torsion is proud to be honoured by the CLD Montcalm as "Start-up Company of the Year" during this year's Gala des Lauriers d'Or ceremonies held on November 14th.

Pro Torsion were by no means alone in their efforts. Throughout its fall 2008 start-up period, the company benefited from the valuable guidance and support offered by numerous advisors, associations and business entities in the Montcalm area. "Many organizations in the region believed in our project and, regardless of the recession, decided to come on board. We sincerely thank all those involved who have been there for us." stated Martin Bouchard, Vice President of the company.

About Pro Torsion

Pro Torsion developed, designed and commercialized the JIT Axle, an innovative and unique torsion suspension for utility, travel and tent trailers. Two processes within the JIT Axle system are patent-pending.
